#### REPAIR ADHESIVE COMPONENT A

### **SAFETY DATA SHEET**

according to Regulation (EU) 2015/830

ISSUE DATE: 29.09.2014 REVISION DATE: 09.04.2020 SUPERSEDES DATE: 09.01.2020

VERSION: 2.3

# 1. SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

**Trade name** Repair Adhesive Component A **Product code** Ford Internal Ref.: 135569

SDS Number 7642

Product use Professional use

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses Adhesives, sealants

Uses advised against Unknown

# 1.3. Details of the supplier of the safety data sheet

Supplier Distributor

Ford-Werke GmbH Ford Motor Company Ltd.
Edsel-Ford-Str. 2-14 Parts Distribution Centre
50769 Cologne Royal Oak Way South

Germany NN11 8NT Daventry, Northants

+49 221 90-33333 United Kingdom sdseu@ford.com +44 1327 305 198

# 1.4. Emergency telephone number

+49 (0) 6132-84463 (GBK GmbH - 24/7)

# 2. SECTION 2: Hazards identification

# 2.1. Classification of the substance or mixture

Classification according to Regulation (EC) No. 1272/2008

**Health hazards** Serious eye damage/eye irritation, H319 Causes serious eye irritation.

Category 2

#### 2.2. Label elements

Labelling according to Regulation (EC) No. 1272/2008

Hazard pictograms

Signal word Warning

**Hazard statements** 

H319 Causes serious eye irritation.

**Precautionary statements** 

Prevention

P280 Wear face protection, eye protection.

Response

P337+P313 If eye irritation persists: Get medical advice/attention.

#### 2.3. Other hazards

This substance/mixture does not meet the PBT criteria of REACH regulation, annex XIII. This substance/mixture does not meet the vPvB criteria of REACH regulation, annex XIII.

# 3. SECTION 3: Composition/information on ingredients

#### 3.2. Mixtures

Chemical name	CAS- No EC- No Index No RRN	%	Classification according to Regulation (EC) No. 1272/2008	Notes
Ethylenediamine, propoxylated	25214-63-5 500-035-6 01-2119471485-32- XXXX	10 – 20	Eye Irrit. 2, H319	

Full text of H-statements: see section 16

#### 4. SECTION 4: First aid measures

#### 4.1. Description of first aid measures

General information Ensure that medical personnel are aware of the material(s) involved, and take

precautions to protect themselves.

Inhalation Remove person to fresh air and keep comfortable for breathing. Get medical

advice/attention if you feel unwell.

Skin contact: Wash skin with plenty of water. Take off immediately all contaminated clothing

and wash it before reuse. If skin irritation occurs: Get medical advice/attention.

Eyes contact IF IN EYES: Rinse cautiously with water for several minutes. Remove contact

lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get

medical advice/attention.

Ingestion Rinse mouth thoroughly. Do NOT induce vomiting. Get medical advice/attention

if you feel unwell.

# 4.2. Most important symptoms and effects, both acute and delayed

Symptoms/effects after eye contact Causes serious eye irritation.

# 4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

#### 5. SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

Suitable extinguishing media Foam. carbon dioxide (CO2), powder, water spray.

Unsuitable extinguishing media Do not use water jet as an extinguisher, as this will spread the fire.

#### 5.2. Special hazards arising from the substance or mixture

**Hazardous combustion products**During fire, gases hazardous to health may be formed.

# 5.3. Advice for firefighters

Precautionary measures fire Cool containers exposed to heat with water spray and remove container, if no

risk is involved.

Firefighting instructions Use standard firefighting procedures and consider the hazards of other involved

materials.

Protection during firefighting Do not attempt to take action without suitable protective equipment. Self-

contained breathing apparatus and full protective clothing must be worn in case

of fire.

#### 6. SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Protective equipment Wear appropriate protective equipment and clothing during clean-up. For further

information refer to section 8: "Exposure controls/personal protection".

Emergency procedures Keep people away from and upwind of spill/leak. Keep unnecessary personnel

away. Ventilate spillage area. Wear appropriate protective equipment and clothing during clean-up. Local authorities should be advised if significant

spillages cannot be contained.

For emergency responders

**Environmental precautions** 

6.2.

Protective equipment Do not attempt to take action without suitable protective equipment. For further

information refer to section 8: "Exposure controls/personal protection".

**Emergency procedures** Keep unnecessary personnel away.

Avoid release to the environment. Avoid discharge into drains, water courses or

onto the ground. Prevent further leakage or spillage if safe to do so. Inform appropriate managerial or supervisory personnel of all environmental releases.

#### 6.3. Methods and material for containment and cleaning up

For containment Stop the flow of material, if this is without risk. Move containers from fire area if it

can be done without personal risk.

Methods for cleaning up Mechanically recover the product.

Other information Dispose of materials or solid residues at an authorized site.

For further information refer to section 8: "Exposure controls/personal protection". For disposal of residues refer to section 13:" Disposal

**6.4.** Reference to other sections protection". For considerations".

# 7. SECTION 7: Handling and storage

# 7.1. Precautions for safe handling

**Precautions for safe handling**Ensure good ventilation of the work station. Avoid release to the environment.

Avoid contact with skin, eyes and clothing. Wear personal protective equipment. Protect material from direct sunlight. Observe good industrial hygiene practices.

Hygiene measures Always observe good personal hygiene measures, such as washing after

handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

# 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions Store tightly closed in a dry, cool and well-ventilated place. Keep away from

heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F.

Storage temperature 10 - 25 °C

7.3. Specific end use(s) Adhesives, sealants.

# 8. SECTION 8: Exposure controls/personal protection

## 8.1. Control parameters

Contains no substances with occupational exposure limits.

**DNEL: Derived no effect level** 

No data available

Explosive propertiesNo data availableOxidising propertiesNo data availableExplosive limitsNo data available

9.2. Other information

VOC (EU) 0 %

# 10. SECTION 10: Stability and reactivity

10.1. Reactivity The product is stable and non reactive under normal conditions of use, storage

and transport.

**10.2.** Chemical stability Stable under normal conditions of use.

**10.3.** Possibility of hazardous reactions No dangerous reactions known under normal conditions of use.

**10.4.** Conditions to avoid Avoid contact with hot surfaces. Heat. No flames, no sparks. Eliminate all

sources of ignition. None under recommended storage and handling conditions

(see section 7).

**10.5.** Incompatible materials Strong oxidizing agent. Strong bases. Strong acids.

**10.6.** Hazardous decomposition products During fire, gases hazardous to health may be formed.

# 11. SECTION 11: Toxicological information

# 11.1. Information on toxicological effects

Acute toxicity

Based on available data, the classification criteria are not met.

Skin corrosion/irritation

Based on available data, the classification criteria are not met.

Serious eye damage/irritation Causes serious eye irritation.

Respiratory or skin sensitisation
Germ cell mutagenicity
Based on available data, the classification criteria are not met.
Carcinogenicity
Based on available data, the classification criteria are not met
Reproductive toxicity
Based on available data, the classification criteria are not met
STOT-single exposure
Based on available data, the classification criteria are not met
STOT-repeated exposure
Based on available data, the classification criteria are not met
Based on available data, the classification criteria are not met
Based on available data, the classification criteria are not met
Based on available data, the classification criteria are not met

Potential adverse human health effects

and symptoms

Causes serious eye irritation. Information on Effects: refer to section 4.

# 12. SECTION 12: Ecological information

#### 12.1. Toxicity

Ecology - general The product is not classified as environmentally hazardous. However, this does

not exclude the possibility that large or frequent spills can have a harmful or

damaging effect on the environment.

## 12.2. Persistence and degradability

No additional information available.

#### 12.3. Bioaccumulative potential

No additional information available.

#### 12.4. Mobility in soil

No additional information available.

#### 12.5. Results of PBT and vPvB assessment

#### Repair Adhesive Component A

This substance/mixture does not meet the PBT criteria of REACH regulation, annex XIII.

This substance/mixture does not meet the vPvB criteria of REACH regulation, annex XIII.

#### 12.6. Other adverse effects

No additional information available.

# 13. SECTION 13: Disposal considerations

#### 13.1. Waste treatment methods

Regional legislation (waste) Empty containers or liners may retain some product residues. This material and

its container must be disposed of in a safe manner (see: Disposal instructions).

Dispose of in accordance with local regulations.

Waste treatment methods Collect and reclaim or dispose in closed containers at licensed waste disposal

site. Do not contaminate ponds, waterways or ditches with chemical or used container. Do not allow this material to drain into sewers/water supplies. Dispose of contents/container in accordance with licensed collector's sorting instructions.

Product/Packaging disposal

recommendations

Since emptied containers may retain product residue, follow label warnings even

after container is emptied. Empty containers should be taken for recycling, recovery or waste in accordance with local regulation.

Additional information Dispose in accordance with all applicable regulations.

European List of Waste (LoW) code

The Waste code should be assigned in discussion between the user, the producer and the waste disposal company.

08 04 09\* waste adhesives and sealants containing organic solvents or

other dangerous substances

15 01 10\* packaging containing residues of or contaminated by

dangerous substances

# 14. SECTION 14: Transport information

In accordance with ADR / RID / IMDG / IATA / ADN Not regulated for transport

# 15. SECTION 15: Regulatory information

# 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture EU-Regulations

The following restrictions are applicable according to Annex XVII of the REACH Regulation (EC) No 1907/2006

Ethylenediamine, propoxylated 3(b) Substances or mixtures fulfilling the criteria for any of the following hazard

classes or categories set out in Annex I to Regulation (EC) No 1272/2008: Hazard classes 3.1 to 3.6, 3.7 adverse effects on sexual function and fertility or

on development, 3.8 effects other than narcotic effects, 3.9 and 3.10

Contains no substance on the REACH candidate list

Contains no REACH Annex XIV substances

VOC (EU) 0 %

Other information, restriction and prohibition regulations

Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work, as amended. Directive 94/33/EC on the protection of young people at work, as amended. Directive 92/85/EEC on the safety and health of pregnant workers and workers who have recently given birth or are breastfeeding as amended. For details, refer to section 3 and 8.

#### **National regulations**

No additional information available.

#### 15.2. Chemical safety assessment

No chemical safety assessment has been carried out

#### 16. **SECTION 16: Other information**

## Indication of changes
