BRAKE FLUID SUPER DOT 4

according to Regulation (EU) 2015/830

ISSUE DATE: 04.06.2014 REVISION DATE: 29.07.2019 SUPERSEDES DATE: 23.10.2018

VERSION: 4.0

1. SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Trade name Brake Fluid Super Dot 4

Product code Ford Internal Ref.: 160369

SDS Number 8131

Product use Public use

1.2. Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses Brake fluids
Uses advised against None known

1.3. Details of the supplier of the safety data sheet

Supplier Distributor

Ford-Werke GmbH Ford Motor Company Ltd.

Edsel-Ford-Str. 2-14 Parts Distribution Centre
50769 Cologne Royal Oak Way South

Germany NN11 8NT Daventry, Northants

+49 221 90-33333 United Kingdom sdseu@ford.com +44 1327 305 198

1.4. Emergency telephone number

+49 (0) 6132-84463 (GBK GmbH - 24/7)

2. SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification according to Regulation (EC) No. 1272/2008

Health hazards Reproductive toxicity, Category 2 H361d Suspected of damaging the unborn child.

2.2. Label elements

Labelling according to Regulation (EC) No. 1272/2008

Hazard pictograms

Signal word Warning

Contains Tris[2-[2-(2-methoxyethoxy)ethoxy]ethyl] orthoborate

Hazard statements

H361d Suspected of damaging the unborn child.

Precautionary statements

General

P101 If medical advice is needed, have product container or label at hand.

P102 Keep out of reach of children.

Prevention

P201 Obtain special instructions before use.

P280 Wear eye protection, protective clothing, protective gloves.

Response

P308+P313 IF exposed or concerned: Get medical attention.

Storage

P405 Store locked up

Disposal

P501 Dispose of contents and container to an approved waste disposal plant.

2.3. Other hazards

This substance/mixture does not meet the PBT criteria of REACH regulation, annex XIII. This substance/mixture does not meet the vPvB criteria of REACH regulation, annex XIII.

3. SECTION 3: Composition/information on ingredients

3.2. Mixtures

Chemical name	CAS- No EC- No Index No RRN	%	Classification according to Regulation (EC) No. 1272/2008	Notes

Full text of H-statements: see section 16

4. SECTION 4: First aid measures

4.1. Description of first aid measures

General information Take off immediately all contaminated clothing. IF exposed or concerned: Get

medical advice/attention.

Inhalation Remove person to fresh air and keep comfortable for breathing. Get medical

advice/attention if you feel unwell.

Skin contact: Gently wash with plenty of soap and water. When in doubt or if symptoms are

observed, get medical advice.

Eyes contact Rinse immediately and thoroughly, pulling the eyelids well away from the eye (15

minutes minimum). Remove contact lenses, if present and easy to do. Continue

rinsing. Consult an ophtalmologist if irritation persists.

Ingestion Rinse mouth out with water. Never give anything by mouth to an unconscious

person. Call a poison center or a doctor if you feel unwell.

4.2. Most important symptoms and effects, both acute and delayed

No additional information available.

4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

5. SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media dry chemical powder, alcohol-resistant foam, carbon dioxide (CO2). Water

spray.

Unsuitable extinguishing mediaDo not use a water jet since it may cause the fire to spread.

5.2. Special hazards arising from the substance or mixture

Hazardous combustion products Carbon oxides (CO, CO2). Nitrogen oxides.

5.3. Advice for firefighters

Precautionary measures fire In case of fire and/or explosion do not breathe fumes.

Firefighting instructions Firefighters must use standard protective equipment including flame retardant

coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces,

SCBA. Fight fire from safe distance and protected location.

Protection during firefightingDo not attempt to take action without suitable protective equipment. Self-

contained breathing apparatus. Complete protective clothing.

6. SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

General measures Ventilate spillage area. Keep unnecessary personnel away.

For non-emergency personnel

Protective equipment May be dangerously slippery if spilled. Wear appropriate protective equipment

and clothing during clean-up.

Emergency procedures Ventilate spillage area. Do not touch or walk on the spilled product. Keep people

away from and upwind of spill/leak. Avoid contact with skin and eyes.

For emergency responders

Protective equipment Do not attempt to take action without suitable protective equipment. For further

information refer to section 8: "Exposure controls/personal protection". Prevent further leakage or spillage if safe to do so. Use personal protective equipment as

required.

6.2. Environmental precautions Avoid discharge into drains, water courses or onto the ground.

6.3. Methods and material for containment and cleaning up

For containment Dispose of in accordance with local regulations.

Methods for cleaning up

Large Spills: Stop the flow of material, if this is without risk. Dike the spilled

material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water. Small spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination. Never return spills in original

containers for re-use.

Other information Dispose of materials or solid residues at an authorized site.

6.4. Reference to other sections

For further information refer to section 8: "Exposure controls/personal protection". For disposal of residues refer to section 13: "Disposal considerations".

7. SECTION 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling Ensure good ventilation of the work station. Avoid contact with eyes, skin, and

clothing. Wear personal protective equipment.

Hygiene measures Always observe good personal hygiene measures, such as washing after

handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

7.2. Conditions for safe storage, including any incompatibilities

Technical measures Containers which are opened should be properly resealed and kept upright to

prevent leakage.

Storage conditions Do not handle, store or open near an open flame, sources of heat or sources of

ignition. Store locked up. Store in a well-ventilated place. Keep cool.

7.3. Specific end use(s) brake fluids.

8. SECTION 8: Exposure controls/personal protection

10. SECTION 10: Stability and reactivity

10.1. Reactivity The product is non-reactive under normal conditions of use, storage and

transport.

10.2. Chemical stability Stable under normal conditions of use. hygroscopic.

10.3. Possibility of hazardous reactions No dangerous reactions known under normal conditions of use.

10.4. Conditions to avoid Avoid heat, sparks, open flames and other ignition sources. Water, humidity.

10.5. Incompatible materials No additional information available.

10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

11. SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity Based on available data, the classification criteria are not met.

Mixture

Name	Method	Type	Exposure route	Value	Unit	Species	Remarks
Brake Fluid Super Dot 4	(calculated value)	ATE	oral	> 2000	mg/kg		
Substance							
Name	Method	Type	Exposure route	Value	Unit	Species	Remarks
2,2' -oxybisethanol (111-46-6)	(acc. CLP 3.1.2)	ATE	oral	500	mg/kg		
Skin corrosion/irritatio	n		Based on available	data, the c	lassificatio	n criteria are n	ot met.
Serious eye damage/iri	ritation		Based on available	data, the c	lassificatio	n criteria are n	ot met.
Respiratory or skin ser	nsitisation		Based on available	data, the c	lassificatio	n criteria are n	ot met.
Germ cell mutagenicity			Based on available data, the classification criteria are not met				
Carcinogenicity			Based on available data, the classification criteria are not met				
Reproductive toxicity			Suspected of damaging the unborn child.				
STOT-single exposure			Based on available	data, the c	lassificatio	n criteria are n	ot met

12. SECTION 12: Ecological information

STOT-repeated exposure

Aspiration hazard

12.1. Toxicity

Ecology - generalThe product is not classified as environmentally hazardous. However, this does

not exclude the possibility that large or frequent spills can have a harmful or

Based on available data, the classification criteria are not met

Based on available data, the classification criteria are not met

damaging effect on the environment.

Acute aquatic toxicity

Substance / Product	Trophic level	Species	Type	Value	Duration	Remarks
Benzenamine, N-	Fish	Fish	LC50	0,18 mg/L	96 h	
phenyl-, styrenated (68442-68-2)	crustacea	Daphnia magna	EC50	0,0507 mg/L	48 h	
	algae	algae	EC50	0,39 mg/L	96 h	

12.2. Persistence and degradability

No additional information available.

12.3. Bioaccumulative potential

Benzenamine, N-phenyl-, styrenated (68442-68-2)

BCF fish 1	>= 500
Log Kow	>= 4

12.4. Mobility in soil

No additional information available.

12.5. Results of PBT and vPvB assessment

Brake Fluid Super Dot 4

This substance/mixture does not meet the PBT criteria of REACH regulation, annex XIII.

This substance/mixture does not meet the vPvB criteria of REACH regulation, annex XIII.

12.6. Other adverse effects

Other adverse effects No other adverse environmental effects (e.g. ozone depletion, photochemical

ozone creation potential, endocrine disruption, global warming potential) are

expected from this product.

13. SECTION 13: Disposal considerations

13.1. Waste treatment methods

Regional legislation (waste)

Dispose of in accordance with local regulations.

Waste treatment methods Empty containers or liners may retain some product residues. This material and

its container must be disposed of in a safe manner (see: Disposal instructions). Dispose of contents/container in accordance with licensed collector's sorting

instructions.

Sewage disposal recommendations Do not allow this material to drain into sewers/water supplies. Dispose of

contents/container in accordance with local/regional/national/international regulations. Do not contaminate ponds, waterways or ditches with chemical or

used container.

Product/Packaging disposal

recommendations

Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue,

follow label warnings even after container is emptied.

European List of Waste (LoW) code

The Waste code should be assigned in discussion between the user, the producer and the waste disposal company.

15 01 10* packaging containing residues of or contaminated by

dangerous substances

16 01 13* brake fluids

14. SECTION 14: Transport information

In accordance with ADR / RID / IMDG / IATA / ADN Not regulated for transport

15. SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture EU-Regulations

The following restrictions are applicable according to Annex XVII of the REACH Regulation (EC) No 1907/2006

2,2' -oxybisethanol

3. Liquid substances or mixtures which are regarded as dangerous in accordance with Directive 1999/45/EC or are fulfilling the criteria for any of the following hazard classes or categories set out in Annex I to Regulation (EC) No

1272/2008

Brake Fluid Super Dot 4 - 2,2' -oxybisethanol - Tris[2-[2-(2-methoxyethoxy)ethoxy]ethyl]

orthoborate

3(b) Substances or mixtures fulfilling the criteria for any of the following hazard classes or categories set out in Annex I to Regulation (EC) No 1272/2008: Hazard classes 3.1 to 3.6, 3.7 adverse effects on sexual function and fertility or on development, 3.8 effects other than narcotic effects, 3.9 and 3.10

Contains no substance on the REACH candidate list Contains no REACH Annex XIV substances

VOC (EU) 0 %

Other information, restriction and prohibition regulations

Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work, as amended. Directive 92/85/EEC on the safety and health of pregnant workers and workers who have recently given birth or are breastfeeding as amended. Directive 94/33/EC on the protection of young people at work, as amended. For details, refer to section 3 and 8.

Seveso Information
National regulations

Not applicable

No additional information available.

15.2. Chemical safety assessment

No chemical safety assessment has been carried out

16. SECTION 16: Other information

Indication of changes

Section 1 - Section 16.
